CHRISTCHURCH

Dear Martin

I wish to notify the Christchurch City Council that my contact with the Council, as counselling support co-ordinator, will terminate on 29 February 1993.

On behalf of the non-prosecution families I wish to express my gratitude to the City Council for making resources available to support them during the crisis.

Although the past nine months have been extremely stressful and painful, I believe the role I have undertaken has been vital and I hope has helped in the healing process.

Thank you for your personal assistance in my task. I have enjoyed working with you.

Yours faithfully
