Dear Sir Thomas: Thanks. Regarding your previous query about the evidential videotapes, you now hold all of the tapes of the child complainant interviews that were produced either at depositions or at trial. The Hereford St exhibit arrived yesterday from the Christchurch High Court. I will courier it to you today.

Regards: Michael

Michael, following a discussion with Val today, I have sent e-mails to Dr Sas and Prof Warren - the latter, in the form of an enquiry only.

I have also e-mailed Prof Davies, asking whether he can improve on the February delivery date.

When we have responses, I will let you have a short report which could be passed on to the Minister. Obviously the reporting date will need to be revisited.

Regards, Thomas Eichelbaum
